LOOK FOR THE LOCAL, I RECOMMEND THE PRODUCTS OF SZIGETVÁR!

Dear Reader, if you happen to be around and -besides visiting the local tourist attractions- it is important for you to explore local values, get to know the local dishes and flavors, and you would like something to remember from our region, then our publication will guide you through this.

Artisan producers and local service providers from Szigetvár will be introduced, who would like to promote their products to a wider public with their joint appearance.

Who are they, what have they created? Why are these products unique? Where do you find them?

This publication is about THEM! About the producers of their own souvenirs, from the local honey, cheese, and wine, to makers of their own industrial product. They live here among us; they create the tools we use every day and the ingredients we need for our food.

The "Zrínyi 1566" Tourism Association of Szigetvár pays special attention to the "treasures" in the region.

The publication is closely related to the #WeeklyLocal project of the Chamber of Commerce and Industry of Pécs-Baranya - eat, buy and give local at least once a week, thus focusing on local producers and service providers.

■ SZIGETVÁRI MEAT LTD. – DROTTER LIVER PÂTÉ
